## (Elementary/Middle School Impromptu & SPAR, Level II)

2025-26  
San Marino  
Walnut  
(E2N & M2N)

**Target Student:** The primary goal is for students with at least one year of Kudos public speaking and debate training to prepare for impromptu speaking and debating competitions at the elementary (E2N: Advanced Elementary Level 2) and secondary (M2N: Advanced Middle School Level 2) levels.

**Course Content:** This course aims to enhance students' proficiency in impromptu speaking and debating by focusing on structured techniques, abstract concepts, and quotes. Training will emphasize speaking skills, expanding knowledge, improving language expression, and building confidence and fluency. Impromptu debating (SPAR – Spontaneous Argumentation) will develop both offensive and defensive strategies, as well as quick thinking. Students will also learn and apply at least 30 new vocabulary words for each topic.

**Course Features:** Classes are competitive, with feedback from teachers and peers. Each year, students can join one free inter-school competition (\$750 value). While optional, participation is highly recommended for skill-building. Attendance is crucial, as missed classes or competitions cannot be made up and will be forfeited.
